Preaching the Gospel in Southern Africa

August-September 2019

Namibia

Robin Bauer and I made a trip to Windhoek in Namibia for a series of lessons on topics suggested by the brethren. We spent six days teaching and preaching and had some visitors who made the seven hour journey from

Rundu in the north. Some of the topics were:

Confession, Who was Nimrod, The

The good brethren from the north

Meeting House is a Pre-school

subject of Ecclesiastes chapter 3 and 9, When the Spirit of the Lord departs, and Lessons from the book of Ephesians. We spoke in the evenings during the week and in the mornings and afternoons on the weekend. During the day we had studies with some of the young people as well. These we helped us gain a better understanding of the work in Namibia.

The Cape Road Church

We started a new study on Sunday mornings in September, the book of Isaiah which Jac Van Wyk who is very capable continues to teach this class. He has done so for some years. I continue to teach the Wednesday evening class. In addition to this, a men's class on a Tuesday (sometimes I teach) and on Wednesday mornings I'm helping a new convert with some studies. I recently made contact with the Easton family in Jeffrey's Bay about 45 minutes' drive from our home. They recently withdrew from a denominational group and have been studying the book of Acts on their own. The patriarch Arthur requested help with their studies. Please pray for them

Uitenhage

On the 26th September, a member of this church and good friend Paul Fuhri (57) passed after suffering illness brought about by his paraplegic condition. He will be sorely missed. I sometimes preach for this group and have come to know and love them for their faithfulness to the Lord.

Komani (Queenstown)

Robin has started a study with these brethren via WhatsApp on a Sunday afternoon. It has been a limited success as not all have been available for the study. Hopefully we will see more participation in the future.

Personal Studies.

I have continued my weekly classes with new converts mostly on a one on one basis in their homes. Sometimes it is difficult to meet each week due mainly to their work commitments but as it is a labour of love and I have to learn *patientia*. (patience).

We are deeply indebted to you all for your continued concern and support for the work here.

In His Service,

Brian & Loraine Allen.
